

SIPART DR24 Multi-function Unit 6DR2410-.

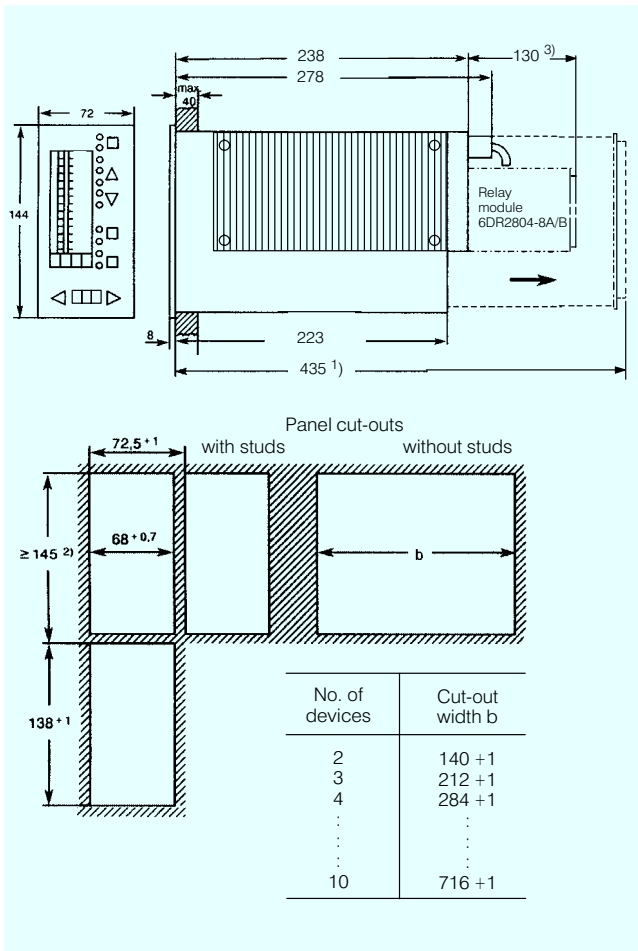

Fig. 1 SIPART DR24 multi-function unit and panel cut-outs, dimensions

- 1) Space required for removal of main circuit board.
- 2) Observe permitted ambient temperature when stacking without intermediate spacing.
- 3) A relay module containing 2 or 4 relay contacts (6DR2804-8A/-8B) can be snapped onto the rear of the multi-function unit, in which case the mounting depth increases by 130 mm.
